25X1A if all possible assistance was being given to the family of [REDACTED]
[REDACTED] who had been killed under tragic conditions the [REDACTED] 25X1A
I assured him that I was certain that this was so and Mr. Karamessines
confirmed his understanding to the same effect. The Director then asked
25X1A the ages of the [REDACTED] children. I told him I did not know the ages of
all but that the youngest was ten. He then asked Mr. Houston to make a
note of the name and to have sympathetic consideration be given to possible
scholarship requirements for these young people.
